

SING DIRGE TO FIGHT GAME; STREATOR BOUTS ARE STOPPED

COUNTY MINISTERS CALL
ON GOVERNOR TO PUT
END TO MILLS

SHERIFF ON GUARD

DAVIS GETS INSTRUCTIONS FROM
GOVERNOR COMMANDING HIM
TO SEE THAT LAWS ARE RIGID-
LY ENFORCED.

The death knell of prize fighting in La Salle county was rung this morning when Sheriff E. M. Davis ordered a "boxing exhibition" that was to have been given tonight at Streator, summarily dispensed with. The order came when scheduled bouts were advertised about the county and members of the Streator Ministerial Association called upon Governor Lowden to put a stop to the mills.

In this morning's mail the sheriff received an order from the executive at Springfield instructing him to do his duty and prevent the fights from taking place. In compliance with this mandate Sheriff Davis got into communication with the promoters and instructed them to abandon their plans. Activities against the squared ring sport have been conducted by county ministers since attempts were made to revive the "game" in Ottawa, La Salle and Streator. At their monthly meeting the Association unanimously agreed to use its influence to cause enforcement of the anti-fight laws.

That the ministers were determined to prevent the bouts is evidenced by the manner in which they went about their task. They left no stone unturned in their path and covered every little detail—even to obtaining documentary evidence that could be used against the fighters, promoters and match-makers in case prosecutions should follow.

The matter was put so squarely up to the sheriff it left him no alternative but to act, and act promptly. With the governor giving the command he took immediate steps to see that the executive mandate was abided by to the detail. Together with Deputy Sheriff Goebel the sheriff went to Streator this noon to pave the way for putting the rule into force. Later this afternoon the remainder of the deputy force will be moved over to Streator to see that no evasions be carried out and the fight staged somewhere else than advertised.

"There will be no fights in La Salle county tonight, if I know it," was the sheriff's determined statement. "I will not be made the 'goat' in this manner, and no power under the sun can make me change my mind. Pressure will be brought to bear in an attempt to make me relent, but I am going thru with the order no matter what happens," he ended.

With the ministerial association thus organized, and certain beyond a question of a doubt that they will stop all further fighting in the county, it appears to the sportsman element that the game is doomed for ever more hereabouts—unless, of course, new laws are enacted legitimizing fighting in Illinois.

PADDED CELL HAS ITS FIRST TENANT

Some several weeks ago La Salle county acquired a padded cell and made it a permanent part of its penal institution. Since the cell was installed, however, it failed to receive an occupant until last night, when a man named Pink Calla, of La Salle, was brought here, said to be suffering with the E. T.'s or too much B. V. D.'s and given the room that has awaited a tenant for such a long time.

Deputy William Mischke brought Calla to Ottawa and was forced to sit on him coming up from La Salle on the interurban, to keep him from doing bodily harm to the rest of the passengers.

OTTAWA CHOSEN AS ONE OF CITIES ON "SOUTHWEST TRAIL"

THREE THOUSAND MILE ROUTE
EXTENDING FROM GULF TO CHICAGO
REVISED SO AS TO TAKE
IN SCENIC AND INDUSTRIAL
ILLINOIS VALLEY.

The "Southwest Trail" extending from Corpus Christi, Texas, to Chicago, has selected Ottawa as one of the stations upon its 3,000 miles of route, according to letters received by Al Richards, who has been elected one of the vice presidents of La Salle county for the trail.

With its markings beginning at the Gulf coast city the trail touches at almost every important city in the northwest, among them being St. Joseph, Mo., Atchinson, Topeka, Wichita, Kansas, Lawton, Okla., San Antonio, Texas, Kansas City, Mo., Ottumwa, Muscatine, Davenport, Iowa, Rock Island, Geneseo, Princeton, La Salle, Ottawa, Morris, Joliet and then Chicago.

The route primarily was marked north out of Davenport thru Sterling, Rochelle, DeKalb and Geneva. This division has been entirely abandoned and the new markings will be made to provide for the changed route thru the Illinois River Valley, thus insuring better roads, more important cities and scenic spots than were offered by the recently abandoned section.

R. W. Thompson, of La Salle, has been elected the other vice president for La Salle county and Dr. W. E. Walsh, of Morris, will look after the Grundy county work. E. P. Lovejoy, of Princeton, is the president for Illinois and J. R. Blackhall, First Vice President.

Stencils, according to General President C. W. MacFarlane, of Moravia, Iowa, will be forwarded to Ottawa at once and it will be up to local officials and boosters to attend to placing the guides where they can easily be seen by the passing motorists.

POOR CANNOT MEET HIGH FOOD PRICES; RIOT AND DEMAND OFFICIAL ASSISTANCE

"GIVE US FOOD FOR OUR CHILDREN!"

Photo by American Press Association.

Onions at 15 cents a pound, potatoes at 10 cents a pound, bread, milk, eggs and everything else going up, aroused the ire of poor New York housewives to so great a pitch that they destroyed pushcarts loaded with potatoes and onions and descended on the city hall as a protest committee to the mayor. They were met there by the police reserves and checked, but continued their demonstrations at evening mass meetings, which denounced "capitalism." They blamed this for their having

ing so little to eat in the greatest, the richest city in the world. There were but few men in the shrieking, yelling crowd at the city hall, shown in the picture.

Joseph Hartigan, city commissioner of weights and measures, announced that he was doing everything in his power to stimulate the flow of foodstuffs into the city from all parts of the country.

Reports received by the commissioner indicate that the situation has reached an acute stage which, he says, calls for the establishment by congress of "some sort

of food control commission to meet the per capita consumption of food in the United States."

While retail shopkeepers and pushcart peddlers have been forced to bear the brunt of the assaults of the angry housewives, the bureau of weights and measures announced that "the abnormal exportation of foodstuffs and the subnormal production are the underlying causes of the advance in prices." It was said, however, that there is "abundant evidence of speculation in canned goods."

SAY TRAIN BLOCKED STREET 90 MINUTES

NORTH OTTAWA RESIDENTS COM-
PLAIN OF DISREGARD OF TRAF-
FIC RULES BY C. R. I. & P. TRAIN
CREWS.

Disregard of crossing rules in North Ottawa may result in the arrest of train crews who block main thoroughfares, and their being fined in court. This morning it was discovered that the crossing at Post street had been blocked for a long period.

The street at that point being obstructed from 6:30 o'clock until 8:10 o'clock. It may have been blocked previously to 6:30 o'clock.

Police authorities today started an investigation to determine who was responsible for the traffic tie up. It was learned that the cars had been left standing at the crossing by a west bound freight crew, who instead of switching the cars to a north side track, left them directly across the street. They were removed by the local train crew.

Numerous complaints have been received within the last few weeks, protesting against the outrageous manner, in which the crossings are blocked. Chief Enrich notified his officers today to arrest all crews who obstruct the crossing for a longer period than five minutes.

On one or two occasions the foremen of train crews have been arrested and assessed heavy fines. This manner of punishment has been found to be very successful in keeping the crossings open and will again be pursued.

Chief of Police Enrich announced this morning that no arrest had been made for the incendiary fire at the house owned by Mrs. Clara French, near the Federal Plate Glass Co. The oil soaked rags have been removed. It is probably that deputies from the State Fire Marshall's office as well as special inspectors from an insurance company will come here to make an investigation into the case. Chief Enrich has several clues which will be given to the state officers.
